Ball guidelines

Guidelines for general department

As we seek to dance like Christians who honor God, we have a lot to learn and a lot to unlearn. So commit yourself to cultural reformation by following a few simple rules and guidelines that will encourage a Christian approach to dancing and inculcate a proper and healthy atmosphere of thankfulness and celebration for this gift of God.

Guests wearing inappropriate attire will be asked to leave. Matthew 22:11-14

Gentlemen: This dance requires semi-formal to formal attire. That means, at minimum, dress slacks (no denim) and collared shirt and tie. It is your responsibility to see that all the ladies have an opportunity to dance. If a lady declines your offer to dance, be courteous and do not ask why.

Ladies: Formality and modesty are required. Dresses should have modest necklines (no strapless or spaghetti straps). Your dress should allow your arms to move freely and modestly in all directions. Fathers should set the ground rules for their daughters in advance regarding any restrictions on particular dances or those with whom she may not dance. (Comfortable shoes that have strong support are also recommended due to the fast paced turns and spins.)

The ball is for families - children are most welcome; just remember to watch over them well. Remember, we are guests [the Fuquay-Varina UMC Church](#).

Looking forward to seeing you all there!
